MEMORANDUM FOR THE DIRECTOR:

1. This memorandum recommends action in Paragraph 4:
2. Mr. Marshall of "Youth Wants to Know", acting for the Jacobi Medical Society of the Washington area requests that you give that organization an off-the-record talk at its annual meeting, Saturday, 22 March 1958, in the Presidential Suite of the Hotel Statler. He says there will be 500 doctors from the Washington area present at the meeting. The President is Dr. Sydney Ross of Washington. In recent years they have had Justice Douglas and Senator Mansfield speak to them.
3. There certainly is no "off-the-record" security when 500 people are addressed. There is also no special benefit to the Agency accruing from your talking to this medical group in Washington. More important would be the World Affairs Council talk in Dallas, Texas, which you have been requested to make.
4. RECOMMENDATION: That you regret you cannot accept.
